LinkedIn: Mohamed Ajmal | GitHub: thagzeen06 | LeetCode: ajmal_0306

Objective

To apply my knowledge of electronics, embedded systems, and IoT to real-world projects, contribute to innovative engineering solutions, and continuously enhance my technical skills through practical experience.

Education

B.E. Electronics and Communication Engineering

Nandha Engineering College (Autonomous), Erode

(2023 – 2027)

CGPA: 8.7 (Till 5th semester)

Government Higher Secondary School, Kumalankuttai, Erode

(2021 – 2023)

Percentage: 83.16%

Technical Skills

Programming: Java (Moderate), C (Basic)

Tools: Arduino IDE, STM32CubeIDE

Core Skills: Problem Solving, Quick Learner, Team Collaboration

Projects

Emergency Vehicle automatic Path Maker

(Apr 2025)

- Designed an Arduino-based system to automatically control traffic signals and create a clear path for emergency vehicles.
- Used RF/GSM communication and sensors to detect emergency vehicles and reduce traffic delay for faster response time.

Automated PCB Etching Machine

(Dec 2025)

- Designed a PCB etching machine to automate the chemical etching process used in printed circuit board fabrication
- Improved safety and efficiency by reducing manual handling of etching chemicals and supporting small-scale PCB prototyping.

Internships

Zeekers Technology Solutions Pvt. Ltd, Coimbatore

(Jun 2025 – Jul 2025)

- Worked on developing IoT prototypes and integrating sensors using Arduino and sensor modules.
- Participated in debugging and testing embedded hardware setups.

Chip Crafts Pvt. Ltd, Coimbatore

(Dec 2025 – Jan 2026)

- Worked on embedded system prototypes involving microcontrollers and sensor interfacing.
- Gained exposure to practical IoT development and embedded system workflows.

Areas of Interest

- Embedded Systems
- IoT (Internet of Things)

Co-Curricular Activities

- Secured 2nd place in Technical Quiz at Nandha Engineering College.
- Participated in multiple technical events, workshops and hackathons.

Certifications

- Introduction to Internet of Things (Elite+Silver, Score: 75%) – NPTEL
- Cloud Computing (Elite Score: 69%) – NPTEL
